Update – Liquidation of Constantia Insurance Company Limited

To all Stakeholders

Following a period of provisional curatorship, Constantia Insurance Company Limited (CICL) was placed into liquidation on 14 September 2022 by way of an order granted by the Gauteng Division of the High Court of South Africa.

An experienced liquidation team have recently been appointed, led by Mr. Cloete Murray and Mr. Zaheer Cassim.

We recognise that there are many stakeholders who do/will have claims against the estate of CICL and we are putting in place various processes and procedures to ensure that all engagements are as effective and efficient as possible.

We understand that by their very nature all insurance claims are urgent and whilst we set up the various processes and procedures, we kindly request your patience.

There will be additional email communication soon outlining the next steps for each Stakeholder, including contact details, how to submit a claim and Frequently Asked Questions (FAQ's).

We realise that a liquidation process causes uncertainty and we thank you again for your patience and understanding.

Regards

Mr. Cloete Murray and Mr. Zaheer Cassim
